How to Request a Reimbursement via Mobile App

Begin by clicking the "More" button and selecting "Request a Reimbursement." Follow the screen prompts to complete the request. Have your substantiation (receipt, EOB, etc.) ready to capture with device camera (refer to your plan specifics to find out if substantiation is required for manual reimbursements).

Important Note for medical expense reimbursements: The reimbursement payment will draw from the healthcare account based on the depletion order set by your employer/plan, thus you are not able to choose which healthcare account to use.
